Through sin and self-destruction I stumble home,
never alone!

My only home is the bottom of a bottle and a rolled up
bill and im ready to go!

I live the same day in and out and I don't care how long
I last!

All the girls and drinks and drugs but dont get me
wrong Im having a fucking blast.

I am rock and roll, living a life you can only dream of,

I am rock and roll at its fucking finest

Just like the cigarettes hurt,

Just like the whiskey burns, wohoa wohoa

I guess im never gonna learn (x2)

Not gonna stop until my heart stops beating

Not gonna sttop untill my last breathe comes,

Im gonna go until I hit the floor

Cant find a way back to my feet

Anymooorreeee

Pass me a glass and lets destroy everything in this
fucking place life at three hundred miles an hour you
pussys cant keep up with this fucking pace

I am rock and roll, living a life we can only dream of,

I am rock and roll at its fucking finest

Just like the cigarettes hurt,

Just like the whiskey burns, wohoa wohoa

I guess im never gonna learn (x2)

Ive drunk the last time you stood here, your by my side,
--> forgot the text, but i know it's different from whats
here =), studied the booklet i got from AA

You thought that it should be just like the good old
days of rock and roll --> same here

Without a drink, without regret without a second
thought

You look below on the end of the back of your fucking
throat

I am rock and roll living a life we can only dream of

I am rock and roll at its fucking finest
