[Chorus](2x)

No surrender no retreat  
Niggaz don't play in the streets  
Every day catch me on the block  
Nowhere to run, nowhere to go to noooow

[Kool Chuck]

I'm ready now, givin' these rappers lyrical shakedown  
When we get it on, you get scuffed up and torn  
I make you wish you was never born  
These niggaz like to talk that shit  
They be burnin' with the devil if they fuck with this  
We pop Crys' and we ain't even out yet  
And we can fuck yo bitch  
I'm all about the money, see I don't fuck  
But a lot of niggaz, you know, niggaz get funny  
But I'm the type that set you up  
Dub, take you up now watch your girl get fucked  
Bud is comin' backed up  
You can be the MC, whoever  
And I don't give a fuck  
It's Chuck nigga, don't disregard the Kool  
Or you'll be swimmin' in the blood pool  
The most of mine niggaz has gone shoo'  
Am you a buncha niggaz wildin' in the zoo  
I been nice for years, you niggaz is played  
I get late gear, still in fear

[Chorus](2x)

[Diamond (D)]

Yeah to my nigga A.G  
What it feels like, what it feels like  
Yo, yo, yo, yo  
I seen you in the club about to smack the ho out you  
now  
Frontin' at the bar, like you really know how to wild  
I'm like a mean coke I never go out of style  
My hustle's goin' to good for me to go out and wild  
But I got some gorillas at my disposal  
Plus, I did my homework; nobody knows you

Lyin' about, how you and your click, rob shit  
And a beat up hooptie, listenin' to my hits  
But you funny niggaz, straight Bugs Bunny niggaz  
Get everything on a layer way, no money niggaz  
But your reputation proceeded you, beat it boo  
Sleepin' on the uneatable, unbeatable, undefeatable  
And still stand all the smoke  
Highly underrated like Buddy McKird  
Move around in a sudden silly puttin' me work  
And no longer do I fuck with them crowds and merc

[Chorus](2x)

[A.G.]

Now I got money with drugs, and then a honey show  
love  
I was bummy as fuck and the Tommies spit slugs  
I was told to get a hold them old rapper blow 'em  
Then vibe 'em with Diamond since the "Soul Clap"  
explosion  
It's that versatile wild nigga A.G. I'm hot  
Wanna get the drive on A.G. I don't see how nigga  
I'll be waitin' for the M uno cool cat huh  
But I'll end you though for actin' brand new yo  
It's a grande culo y te gante es mucho  
Smack her for puffin' a blunt way too slow  
Slay 'em the Com way and I'ma tell 'em like my mom  
say  
"Ain't too many y'all that can fuck with Andre"  
See me and K-Ci, C-Town with a lot of cd's  
Spit sums with meanings, thoughts with meanings  
Gettin' dirty for the fuck of it  
I get high with my chicks, cause they suckin' dicks  
I've had enough of it

[Chorus](3x)
