"Chasing The Ghost"

I felt your love
The paper flower
Sleeping in your arms
Talking all night
Being there for each other
But I'm chasing a ghost

I saw the signs
I heard the words
Don't be afraid
Holding hands

The ocean's night waves
Rush up
The night sky welcomes
French food
Grilling fish

Whispering
Laughing

But I'm chasing a ghost

The ghost wants only me
Runs to me
Says yes
Lets go

Traveling the world with a ghost
Playing music with a ghost
Living life with a ghost

Whispering
Laughing

A shadow
