[Diabolic] These fuckin snakes man Fuckin up our lives
I'll take a piss in your oil fields I want some
motherfuckin payback so, yo I wanna run for president,
and the focal point when I'm campaigning Is to put
FEMA to work on a plantation at Camp David Demand
payment for New Orleans with the best of swordsmen
Launching missiles at the White House while Tech's
performing On the lawn and I just let 'em burn till
death's confirmed Laid to rest with worms cause
otherwise they'll never learn I'll form a cruel intent, put
anthrax through the vents From out a package I got in
the mail that you just sent But I got a better punishment
for these Republicans I'd let 'em live so they can see us
overthrow the government Let's fuck with them, have
the first lady beat me off Till my semen's launched,
then I skeet across her face like Peter North And I won't
leave a doubt what we about when I cream her mouth
Or leave her trout bleeding out on Condoleezza's couch
I'll seek this route without regrets, and drink a brew
then think of you Cause if it's the last fuckin thing I do
I'll... [Ras Kass] Yeah, Immortal Technique, Rassy
Nigga, I never forget nothing nigga Fifty-one percent
of the World Bank is owned by the US treasury Robbing
third world countries out all they resources and equity
When Afghanistan was fighting the Russians Reagan
and Bush gave Bin Laden weapons and told him get to
bussin We even called 'em freedom fighters Financed
the cost with CIA imported cocaine That whole Iran

want it? HERE YOU GO! The first payback that I would accomplish I'd draft children from the senate and congress Pompous religious right made suicidal When I exposed Joe Cephas for ghost writing the Bible Making nuclear silos, bomb the world with hydro Chinese dragon sized blunts in Maracaibo Huh, and everyone flashing a gun on a DVD I'd make them niggas shoot it out with NYPD And every fucker that didn't buy my CD I'd stab the revolution in their neck with an IV See me, own the world, I'd give it back to the poor I'd give a last name to every single son of a whore Hard to the core, fuck with the gay list Niggas pop on they block but they globally nameless I'd show the hood real gangsters and make 'em famous Namely Virginia, where my connect for cocaine is I'd make everybody fuckin have the world darkening I make rap-about lyrics, not beats and marketing Replace every raped virgin's broken hymen Holding De Beers reclining, while they choke on they diamonds My designing's like Francis Ford Coppola rhyming Building a universe inside solitary confinement I'd reverse Rockefeller laws and bring Mumia home And serve the President freestyling offa the dome A message to the outgoing president Hey I got a great idea nigga... Kill yourself Hahaha, you know it's so funny, I thought about it the other day You should probably kill yourself Ah why don't you kill yourself? Hahahahahah, kill yourself
