"The One That Gets You High"

Here we go, I don't know, what I'm trying to do with
this flow

Try to tell me, "bro you gotta go," how about, fuck
off real low

Beat is mine, real one of a kind; ironically I barely got a
time

My pocket's full of dream of all kinds, like being the
one that gets you

Fucking high

Be the one one (x14)

Be the one one, that gets you fucking high high (x13)

Be the one one (x24)

Be the one one, that gets you fucking high high

Be the one one (x31)

Be the one one, that gets you fucking high high (x2)

Be the one one (x15)

Be the one one, that gets you fucking high high (x3)
