{Chorus [x2]}

Gave you my love  
But you didn't want it at all  
Told my dreams  
You crushed em and said they were small  
Showed you my skill  
You said that you hated it all  
My anger's released  
I hope that you wanted it all

(Verse 1)

Alotta people hate me  
Discriminate me  
And make me  
Angry  
And pissed off  
I gotta get this off  
My chest  
It's for the best  
To regress  
The mess  
So I guess  
I start it right here  
While there's time left  
Why do you people wanna make me hate me?  
Talk trash about me  
And then imitate me?  
It's making  
Me real mad  
And angry  
Don't none of yall know me  
So how can you change me?

{Chorus [x2]}

(Verse 2)

You tell me all the time that I need to quit cussing  
You must be  
Jealous

Wishin you was me  
But if you could glance  
Into the back of my pants  
In the pocket  
You'll see the picture  
Of HER in my wallet  
She's my kryptonite  
The only meaning to life  
For me  
Can't you see  
That I'm wounded on the inside?  
And that's why  
You don't wanna be this guy  
That I am  
With more issues than Time Life

{Chorus [x2]}

(Verse 3)

You all probly think I do this to get attention  
Not mention  
All all the fans and recognition  
But it's my mission  
To keep you all from missin  
The point to my words  
So before you're dissin just listen  
My life's messed up  
There's no changin that  
I wanna give up  
But I'm not havin that  
I power throught the hurt  
If I can manage that  
I'm thinkin of her  
Everytime that I rap

{Chorus [x2]}
