song is dedicated to the ballers
I'm talking bout the flossers
with pockets dats enormous

step up in the spot
best believe they can't ignore us
we gettin heavy guop
stack paper like an office
eh yo the name A.O.N
I got it going on
i dont wear it on my neck
i just put it on my arm
I keep a g-shock to be on time where i'm goin

3 hundred dolla kicks just to show'em that i'm on
i'm a don/ i keep at least 2 on my arm
they can kick it for the night
but be gone by the 2marrow

act up get deleted from my phone
i don't need'em any long
i just keep'em till i bone
i'm hig like i'm puffin refer in my lungs
them divas that i bone
like them sneakers that i own
it gotta be a gee to get put on
and you ain't me
therefore you ain't a gee you's a clone

verse 2

I'm something like the law i keep tem all in order
I don't do the clishe like rappers with vocoders
I love to get fly get s--t cuz most want it
they gotta have it but really tho these cats can't afford
it
I be doing it big
I gotta do it B.I
See i'm
harder than the jeans on a levis
haters try to be I
but they gotta retry
cold like chilli sick as hell like t-bazz

and with the left eye peeped chica
come a little closer you ain't really gotta be shy
beyonce got you thinking you a diva
well I play hova
if you hop up in the rover
shorty hold up
I can get you higher than a roll up
got a man so what
money too short need to grow up
stay on my green like a mower
youngin stay on the green like a mower

verse 3
didn't know Fella now you know
I funk funk funk like a pound of dro
2x

didnt know nica a now you know
I funk funk funk like aq pound of dro

and a fella bang like you pound your door
cuz ya never heard this little sound before

a sound this raw
to get you all involve
now get down with yours
