[Verse 1]

I took some time to think about us  
A way to show you how strong my love was  
So I took some time to write you this song  
One that'll make you smile whenever it's on  
So for starters I wanna say that I love you  
And that phrase right there will forever be true  
I want you in my life forever, I'm sure  
Cause no matter when I do, I look at you, and your

[{Chorus}]

Lookin at me, lookin right back you  
Girl you can't expect me to not ask you  
If you'll marry me and have some kids who  
Will grow up with us in our castle  
When it's you and me baby, it can't get better  
We won't split apart, we'll always be together  
No matter how hard it storms, we'll withstand the  
weather  
I'll love you with all my heart always and forever

[Verse 2]

With verse number 2 comes more poetry  
That's sent to your heart from deep inside me  
I wrote a wrote a whole song cause three words won't  
do  
To show you how much that I really love you  
When you say anything you touch my heart deep  
Like you opened it, went inside, like you had a key  
Whenever you fall, I'll pick you up  
And when all else is gone, you'll still have my love  
Cause as time passes and everything changes  
And some stuff goes, and other's rearrange  
There's on thing that will always stay the same  
Cause the love that we share will forever remain  
Unchanged, and as storms come, and lightning strikes  
hard  
I'll shelter you, and keep you safe in my arms  
Because an angel like you deserves my protection

To keep fear from your perfect complexion

[{Chorus}]

Lookin at me, lookin right back you  
Girl you can't expect me to not ask you  
If you'll marry me and have some kids who  
Will grow up with us in our castle  
When it's you and me baby, it can't get better  
We won't split apart, we'll always be together  
No matter how hard it storms, we'll withstand the  
weather  
I'll love you with all my heart always and forever

[Verse 3]

I love you so much, that sometimes it hurts  
To be apart from you, especially at work  
When I can't see or even talk to you  
I can't stand it, I hardly make it through  
When we're apart, I miss your touch  
And the look in the look in your eyes, that shows your in  
love  
Your skin, your touch, your eyes, your love  
You're voice, your smile, you drive me wild  
Everything about you is amazing to me  
Your perfect, beautiful, everything I need  
I can't believe that I've been so lucky  
To have a girl as great as you love me  
I'd give my life, my whole world for you  
To keep you happy, there's nothing I won't do  
If you're my disease, I don't want the cure  
Cause no matter when I do, I look at you, and your

[{Chorus}]

Lookin at me, lookin right back you  
Girl you can't expect me to not ask you  
If you'll marry me and have some kids who  
Will grow up with us in our castle  
When it's you and me baby, it can't get better  
We won't split apart, we'll always be together  
No matter how hard it storms, we'll withstand the  
weather  
I'll love you with all my heart always and forever
