Ha

You know A.O.N. is back

Just get ready...

Yea it's like that everyday

People gettin mad about what I spray

Well, you know what, I don't care what they say

They can swallow a pack of razorblades

Made by Shick

Taste like shit

So I just can't understand what they say

It's for the best

It'll stop the mess

That they say tryin to make me change my ways

My rhyme flows can go on for days

Till I use all words in every possible way

I think whoever disses me must be gay

I'm not homophobic, but please stay away

No matter what's said, I'm not gay

They're just mad, so that's what they say

Cause I'm with a girl when I get laid

And they don't get laid, so they just hate

And they think the shit's fun, they think it's a game

But they're about to be in my wrath's way

Soon as I let the demon out it's cage

Sympathy is out, in is rage

You better heed every single word I say

Cause the evil in me is now awake

You better all split and run away

Cause for yall it's judgement day

I'm a rapper

Who'll bring the Rapture

You can all try but I won't be captured

My mom told me to stop, but I just smacked her

Called her a bitch, and asked who asked her

Cause at slappin hoes, I'm the master

You can see my style is a little bit faster

You know I can rap even though I'm a cracker

I bent your girl over and you know that I tapped her

All night long

To my songs

Cause she never puts your wack shit on

With my dick in her mouth she can't sing along  
But we can't even hear over all her moans  
Aight, I admit that last line was wrong  
But I don't care, so you can just go on  
This is a great place to end the song  
So screw you guys, I'm goin home  
CARTMAN!
