[(Intro)]

Ever since you left me, all I wanna do is die  
Wanna do is die, wanna do is die  
Now I sit and think, and I start to wonder why  
Start to wonder why, start to wonder why

{Chorus}

Cause I can't stand you  
I thought I loved you  
Now I'm a new man  
Who knows he's above you  
Baby since you left me  
I'm doin the best I can  
To forget you, it's easy  
Cause I'm a new man

(Verse 1)

I'm not the same man who used to buy you flowers  
Or the one that used to talk to you on the phone for  
hours  
I'm not the same man who talked dirty on the phone  
While you were in your room, with your door locked,  
alone  
I'm not the same man who used to send you dirty texy  
And get you horny enough to wanna have some phone  
sex  
I'm a different man now, baby can't you see?  
That this is what all your cheatin and lyin did to me

{Chorus [x2]}

(Verse 2)

I'm not the same man who used to call you pretty  
I really think your ugly, but you are no longer with me  
I'm not the same man who used to send you love mail  
Now I hope you go to hell, and I hope you burn well  
I'm not the same man who used to make you sing me  
songs

Or send me a pair of thongs, that I had you put on  
I'm a different man now, baby can't you see?  
That this is what all your cheatin and lyin did to me

{Chorus [x2]}

(Verse 3)

I'm not the same man that used to say I love you  
Or the one that used to say that I am always thinking of  
you  
I'm not the same man you used to date from a distance  
With him you had a shot, with me, your shot, you  
missed it  
I'm not the same man that used to make you laugh  
Or stayed on the phone and got horny while you were in  
the bath  
Baby I'll continue to talk about us in my raps  
And maybe one day, someone will listen to this crap

{Chorus [x2]}

[(Talkin)]

{Chorus}
