"This Weight" by Angelus of Nex (A.O.N.)

{Verse 1}

See baby you and me have been down this broken road  
I've been carryin this weight for you but it's hard to hold  
Seems like every day you add more weight to my load  
Pretty soon it'll be to much for me to even tote  
Feels like my back is breakin, girl you know I'm  
straining  
Hopefully to the end this road, again I can make it  
Maybe I can make it through one last final time  
Baby you make me so crazy, that i'm starting to lose  
my mind  
This weight has got so heavy now it's draggin behind  
It's makin my knees wobble, I can't walk a straight line  
See baby you and me  
We try so hard to be  
Perfect for each other but baby you know I can see  
This weights too hard to handle  
I feel like I'm bein trampled  
I feel like the flame is starting to go out on my candle  
And baby I can see  
The hurt this weight will bring  
Baby let's forget about the pain as the chorus sings

[Chorus]

{Verse 2}

Feel like the weight of the world is on my shoulder  
Like if I turn my head around I'll see a f\*ckin boulder  
The warmth inside of me baby is slowly getting colder  
Feels like everyday I'm so many damn years older  
Cause this strainin age-in me  
I try so hard to be  
Your superman but its gotta be kryponite i'm carrying  
Cause it's makin me weaker  
My future's lookin bleaker  
Know that these are serious words that are comin outta  
your speaker  
They are comin from my heart

You should of known that from the start  
But I might not have much of heart left, it's fallin apart  
Cause this boulder on my shoulder  
Is causin me to tip over  
My heartbeat is goin slower  
Feel like my whole world is over  
And I'm not doin this song to try to get some sympathy  
Sent to me  
From your heart  
Directly into me  
Loving me  
Is not as easy as getting close to me  
Hopefully this boulder won't continue to crush me

[Chorus]
