Featuring David Grohl.

Say a prayer for me in my memory

have a taste another one is through

damn this place in me

damn this destiny

i will be the one who cries when you go

hello misery your the best of me

hey someone got the best of you

come and sleep with me for infinity

we'll spend some time and find the rest of you

break down, breakdown willing in your head

rain down, rain down, innocence is dead

Goodbye Lament, Goodbye Lament

Goodbye faith I swear I won't believe

Pray for me, faded memory

give me and i'll fade into you

come and dance with me

i will always be asleep in behind the eyes that I bleed
through

break down, breakdown willing in your head

rain down, rain down, innocence is dead

Goodbye Lament, Goodbye Lament,
Goodbye faith I swear I won't believe
Goodbye Lament, Goodbye Lament,
Goodbye faith I swear I won't believe
break down, break down, willing in your head
rain down, rain down, innocence is dead
break down, break down, willing in your head
rain down, rain down, innocence is dead
Goodbye Lament, Goodbye Lament
Goodbye faith I swear I won't believe
