Visit "[Some People Say](#)" on [MotoLyrics.com](https://MotoLyrics.com)

My heart, some people say, is bigger than Mars  
My smile, some people say, shines brighter than the  
stars  
My eyes have a glow to them that will never soon fade,  
But if it does I know I'll get it back straight away!  
Because I earned that glow, I earned that shine!  
Like being warm in the snow!  
For a very long time, time, time.  
My heart, some people say, is bigger than Mars  
My smile, some people say, shines brighter than the  
stars  
My eyes have a glow to them that will never soon fade,  
But if it does I know I'll get it back straight away!  
Because I earned that glow, I earned that shine!  
Like being warm in the snow!  
For a very long TIIME!  
For a very long time...
