when you smile
I smile with you
when you cry
i feel it too
hear my soul
my heart callin'out you

be my eyes when i can't see
be my voice when i can't speak
be my light when darkness creeps on me

oh.. sajna sajna sajna re
i just sajna sajna sajna re
sajna sajna sajna re
i just sajna sajna sajna re

to the stars that shines so bright
across the sky
across the night
making ways to be right by your side

oh.. sajna sajna sajna re
i just sajna sajna sajna re
sajna sajna sajna re
i just sajna sajna sajna re

save me
when my dream catches fire
save me
be my only desire
wake me

when the pain is over
take me now
take me now
take me now

when you smile
i smile with you
when you cry
i feel it too
hear my sool

my heart callin'out to you

hold me close
don't let me go
hold me tight
don't you say no
save the love we have for evermore

be my eyes when i can't see
be my voice when i can't speak
be my light when darkness creeps on me

to the stars that shines so bright
across the sky
across the night
making ways to be right by your side
