[Chorus: Avery Storm] Every day, somethin in my way, I try
Shit ain't goin right, I try to see the light, I try Ohh,
it's like my eyes got a cover on 'em, and somethin
holdin me back A better man, better level, better know I
try [Jadakiss] Uh-huh, get off me, AH-HAH! Uh, yeah yo
Listen, I done played with the snakes in the grass Paid
for my mistakes I made in the past Everybody ate when
I came with the cash At least I tried to ride the wave 'til
it crashed Same wood on the gun handle is on the dash
All the hoods that son ran through is on smash They
can't identify you with a mask And the bible'll tell you
nothin is gonna last The name of the game's survival If
you make it alive when you ride through they make it
arrival My boo is gon' ride, you know I'm gon' ride too
Make an M every day, I'm gon' try to - let's go [Chorus]
[Jadakiss] Uh-huh, get off me, AH-HAH! Uh, yeah yo I
tried to tell niggaz I'm willin to blast for it I only try to
give it to niggaz that ask for it Got them things on the
scale, I'm still weighin 'em Thought my dues was paid,
I'm still payin 'em Couple Eleanor's and the Goose, I'm
still Bay'in 'em Semi's and the fully's, know that the
truth stay with him Wolves and gorillas is loose, so
don't play with him Somethin's holdin him back, nothin
that you could say to him Popped champagne with
Biggie at the Palladium Put that good hawk work in with
the titaniums Shit switch around when them heats get
fired And ya peeps just died, but at least he tried - let's
go [Chorus] [Jadakiss] Uh-huh, get off me, AH-HAH!
Uh, yeah - watch the game get taken over I'm still on
the same side of the fence, I'm just lookin over A
solider, from the gravel to the grass to the obstacles in
life I traveled in the past Whether I'm holdin a mic or
holdin a mac It's like an invisible force is holdin me
back But I ain't lettin go of my pride After I get the
dough I'll slide, better know I tried Let's go, uh [Chorus]
w/ ad libs [Avery Storm] Here come another day up on
me Put the pressure on me, here we go again ahhh I try
to do what's right when life is so wroooooong I want a
better way, I see a better day 'Nuff what the people
said, I want a better me God knows that I try but time
won't wait for me [Chorus] w/ ad libs [Avery Storm] I

tried, hey!
