if mother nature was your queen
tomorrow she would have you dead
why all the love for the earth and green
if all you are is a nature-killing biped?
(if all you are is a nature-killing biped)
if all you are is a nature-killing biped?
(whatâ€™s left to say)
(whatâ€™s left to say)
whatâ€™s left to say
whatâ€™s left to say
if love is for the ground you step all over,
is that how you treat your friends too?
is that a chip of compassion on your shoulder,
or disgust for people like me and you?
are these just signs of getting older,
or do I not know what the f*** to do?
if mother nature was your queen
tomorrow she would have you dead
why all the love for the earth and green
if all you are is a nature-killing biped?
oh well,
whatâ€™s left to say,
whatâ€™s left to say,
whatâ€™s left to say,
whatâ€™s left to say,
oh well,
whatâ€™s left to say,
whatâ€™s left to say,
oh well,
where are your fucking brains?
