You can rep Shore Side or you can die Hoe/

(Talking)  
It's Tierra Richell /  
Some of you know as Star AKA Fresh /  
Some of you knew me as Baby T/  
Ain't nothing changed but the name though/

BARS

[Verse]

It's Tierra Richell /  
You know the name /  
loud pack like a Miami U hurricane /  
BARS wake the people up /  
Nobody sleeping on me /  
Hear my songs and say they love me /  
They don't even know me /  
Talk good do great things /  
Your baby's in Beijing /  
Sun bathing /  
and facing /  
her head game is amazing /  
you cuff and I'm breaking /  
hearts then replacing /  
deleting numbers /  
Face book's I'm erasing /  
being a king ain't a man it's a lifestyle /  
I got a queen with some wet and a bright smile /  
I say I want it / She say come and get it right now /  
hit a room and we smash til we pass out /  
keep it G /  
I see you cowards on that sucka shit /  
Shore Side ain't a team /  
It's a government /

Drama wit the G /  
Will turn a G into a sucka quick/  
Hear you talking shit I just may slap you for the hell of it  
/  
Cause' half of y'all exaggerate and half of y'all  
fraudulent /  
Fronting for the cameras/  
So you can't forget the politics /  
Independently bossing /  
Now I'm the hardest chick /  
Need a beat and a lab and I'm mobbing it/  
They talk but when its beef they are not present /  
My team coming out gunning like it's game 7 /  
Real rappers in the game I can't name 7/  
We all strapped but we will bang  
With the Same weapon /  
You got nothing but lames in your background /  
My team come through /  
Approach you like a flash mob /  
You gone probably say I'm on that bold shit /  
But I came from a time when everybody wrote they own  
shit /  
Not only was it written they was living what they spitting  
/  
Looking at the game I can see its very different /  
Just because they famous , that don't mean they're rich  
/  
I've seen it 1st hand I've peeped it /  
Rental homes /  
Leased whips /  
Rented jewelry /  
With a rented bitch but he pulled up in that new 6 look  
rich but don't own shit/  
& youre a follower so you believed it/  
but they can't talk about me /  
I'm on the title the deed /  
I can do a show for some G'z /  
And spend it all on trees/  
Break the dutch and fill it wit dro /  
They already know that I'm sick with the flow /  
Been killing the game since 2004 /  
And I'm reppin the side the side that shore /  
Shore side Hoe Shore Side Hoe /  
So you can rep Shore Side or Die hoe/  
I hear them talking they gone make me let this shell off  
/  
Stomp em in The crowd Blue Cross it's a Step Off /  
Keep a couple freaks that strip & fuck and then they  
step off /  
In one room full of bad women kreyshaw'n /  
I'm on the low they be like star where you at /

I'm in Miami eating rappers/  
It's a zombie attack /  
Where the women act sadity til they hear you on the  
radio /  
And niggas looking hard but they still perform fellatio/  
& now a days everybody entrepreneurs but if you broke  
keep it real then u just Unemployed /  
Never been on no bull shit but the truth /  
They can't handle that /  
My father name Richard best believe I'm going

So for my daughter I won't let nobody stress me /  
I just hit the mall and drop bands like fresh beat/  
I know it's been a minute since y'all heard a verse /  
I'm still loyal to my fans but I'm a parent first ! /  
My Family First My Money Second /  
I'm # 1 Wit the bars Don't Second Guess It/  
If I started from the bottom Then I'm Still Here /  
Cause I Ain't On Top until I Got A 100 Mil /  
But Don't Get it Twisted /  
My Daughter's Great /  
MY Bills are Paid /
