(T.I. : Intro)

Say Foxx? (Yeah.. eah.. eah...)

I had-I had a chick man- (Yeah.. eah.. eah...)

She wouldn't did me real wrong, I mean (Yeah.. eah.. eah...)

I did the same thing to her but-

She ain't have no right to do me like that though dawg,  
for real (Yeah.. eah.. eah...)

(Jamie Foxx : Verse One)

You, been seeing him, and I know

And I was with her, and you knew about it

But I was too bli-i-ind to see it baby

And you was out here doing the same thing as me

I wanna ask, has he been by the crib?

Has he been in our, car?

And did you let him, drive?

Cause she's been by the house

She's been in the car

I've even let her push the Porsche around a couple  
times

Ohh, we were so the same

I don't know why I can't see it baby

And it ain't a point to feeling blue

You're just like me and I'm just like you

(Jamie Foxx : Chorus)

You're just like me

Shorty all up in the club

Popping bottles of that Bud

Giving all them dudes hugs

And you just like me

She don't know how to act

On the floor back in the back

Man I can't be mad dapslyrics

She just like me-e-ee-e-e

She just like me-e-ee-e-e

She just like me-e-ee-e-e

She just like me...

(Jamie Foxx : Verse Two)

Now it ain't so easy for me to be imagining what you  
been doing baby  
So I don't even have to ask (No)  
Cause you ain't the only one that keeping secrets baby  
So really, no sense in me playing "bye"  
And I, can't stay up though  
Cause I did you wrong  
And I was on some kush  
When I let that \*\*\*\*\* up in our home  
She's out from us just like me  
And she played the game like one of my homies  
Ohh, we were so the same  
I don't know why I can see you baby  
And it ain't a point to feeling blue  
You're just like me and I'm just like you

(Jamie Foxx : Chorus)

You're just like me  
Shorty all up in the club  
Popping bottles of that Bud  
Giving all them dudes hugs  
And you just like me  
She don't know how to act  
On the floor back in the back  
Man I can't be mad  
She just like me-e-ee-e-e (Getting money, having fun,  
man she)  
Just like me-e-ee-e-e (In the club, throwing ones, man  
she)  
Just like me-e-ee-e-e (24's on the rims)  
Just like me... (Go on shawty do your thang)

(T.I. : Bridge)

Hey!  
Shawty who you fooling you?  
Know I'm way too cool for you  
To run that game when we play me  
Trying to do me like I be doing you  
Say you heard I was screwing her  
Just like I hear he doing you  
Why you worry about me doing me  
Let's see you doing you  
I can make her better though  
You gon let him ruin you  
Just for the record  
No, I wouldn't have her unless I could have the two of  
you  
I know why he pursuing you  
That booty do be moving boo  
Late night, straight pipe  
That ain't nothing new to you

Wait a minute  
Can't tell me  
\_\*\*\*\*\_  
Wanna tell me  
Something tell me this  
If I woulda never woulda hit that chick  
Would you even ever know that dude exist?  
Still.  
Naw.  
Got me quick, still  
You ask about I've kissed it  
Now you all on his \*\*\*\*  
Shawty looking -Topsy?- -History?-

(Jamie Foxx : Chorus)  
Just like me  
Shorty all up in the club  
Popping bottles of that Bud  
Giving all them dudes hugs  
And you just like me (You know I was wrong shawty)  
She don't know how to act  
On the floor back in the back  
Man I can't be mad  
She just like me-e-ee-e-e  
(You dealing with a man with an ego, you know?)  
She just like me-e-ee-e-e
