[Jamie]

Yeah ladies I know you tired of the same old thing
Things have become so mundane
I mean your bedroom is so cold, so cold but I'm here to
tell you
I got a strategy we bout to heat it up (oh I like that)

[Chorus]

Girl get comfortable we bout to do something you
never done before
Baby not the usually tonight we gettin unpredictable
So tryyy to roll wit me baby... baby
I'm a make you feel like you never felt
Girl all because you let me get unpredictable

[Verse 1]

Baby 1 plus 1 ain't 2 when you wit me
C A F to A and B when you wit me
It don't make sense right now but it will
Later on when you see how I make you feeeeel

When it comes to love makin be the real special-nary
Precision girl pick one better yet two
Never mind that we tryin all the fun Soooo

[Chorus]

Girl get comfortable we bout to do something you
never done before (yeahhh)
Baby not the usually tonight we gettin unpredictable
So tryyy to roll wit me baby (baby)

[Ludacris]

All Aboard!

The spontaneous express

Never the less always the more

From the pool table to the kitchen floor

Next stops the G spot... LUDA! hahaha

[Girl]

I Like That

[Ludacris]

I like that too baby

Let me put a little bit of excite-ment

Up in yo lifestyle

You gotta know the times of the essence

I'm talkin right now

I can get, get rid of that headache

What you doin tonight

Some say that sex is overrated, but they just ain't doin
it right

I keeps it interestin baby just take them clothes off

I'll be yo Tylenol just take me till you dose off

Wake you up in the middle of the night and take you to
another world

You'll wake up in the mornin feelin like another giirl

[Chorus]

Girl get comfortable we bout to do something you
never done before (done before)

Baby not the usually tonight we gettin unpredictable

So tryyy... So tryyy to roll wit me baby (baby)

I'm a make you feel like you never felt

Girl all because you let me get unpredictable
