"Sun That Shines"

Another year seems so long, I don't know where the
time has gone.
With each passing days I look back. Worried so long, I
lost track.
Then a smile that shine captured my heart and made
the day so bright...
The sun that shined filled my heart, giving light to this
world.

It's a smile that shines deep in your heart that heals the
darkest night.
It's the love it brings just like spring and why the bird's
sing...

Cause it's the sun that shines deep in your heart, no
madness can steal this joy... just take the time and
you'll realize how much, how very much your smile
means to me...
