I wanna run and never get tired
I wanna love the best I was wired
I wanna know that I can't betray this
Be more than elated to be alive

I wanna know that I'm taken care of
Know who I am is not about makeup
I don't need caffeine or compliments fading
Cuz when I'm breathing it keeps me high

Cuz there ain't no love we're sending
We need somethin heavenly
To believe
Cuz the further that we're gettin
No anger will refuse to sleep
Erasing you and me

So sun let your rays leave us inspired
Teach us that true love never expires
And appreciate the things we've been given
Be happy to have or be a friend

Cuz there ain't no love we're sending
We need somethin heavenly
To believe
Cuz the further that we're gettin
No anger will refuse to sleep
Erasing you and me

What this world doesn't need
Is this sappy song to sing
But if it starts some thinkin it's good enough for me

Cuz there ain't no love we're sending
We need somethin heavenly
To believe
Cuz the further that we're gettin
No anger will refuse to sleep
Erasing you and me

There ain't no love

No there ain't no love
We need something somethin heavenly
Cuz the further that we're gettin
No anger will refuse to sleep
Erasing you and me

There ain't no love...
