I think I heard you say it
Correct me if I'm wrong
After the fact you're love ain't all gone
Wish I had a tape recorder
To lay down all the mess
It seems you forgot the manner you left
How I cried for you baby
Saying freaky don't leave me
Sounds cruel and crazy
But I'm gonna enjoy this 'cause

I like to believe that you see that you need me so bad
I'll backwash you you're dirty spoon
You've been there so find the stub
And here's a band-aid brand new
For the bruises on your begging knees
You turned around and the time I found
Was just enough for me

Excuses are your "I'm sorry"
To go over and under and through
The wood to see without me you're no good
Funny how 4 weeks ago
Could not spare to throw me a bone
Won't hear me complain how the roles have turned
So carry on baby
Tell me how you need me
Sounds cruel and crazy
But I'm gonna milk this 'cause

I like to believe that you see that you need me so bad
I'll backwash you you're dirty spoon
You've been there so find the stub
And here's a band-aid brand new
For the bruises on your begging knees
You turned around and the time I found
Was just enough for me

Now conversation with you, I won't run
'Cause how it came around is so much fun
So much fun

I like to believe that you see that you need me so bad
I'll backwash you you're dirty spoon
You've been there so find the stub
And here's a band-aid brand new
For the bruises on your begging knees
You turned around and the time I found
Was just enough
You turned around and the time I found
Was just enough
You turned around and the time I found
Was just enough for me
