Don't wanna bite another nail and leave this hanging.
Don't wanna wait another night with you breaking.
Don't wanna know just how it feels to see you leaving.
But I can't keep it to myself when you're thinking.

You got me bad
You got me good
You got me had
You got me hooked.
When it's me hanging by a moment that you snubbed
along the way.

Don't wanna lead you down a road that I'm not going.
Don't wanna hear about that dream without you
knowing.
I really don't have left a care, don't wanna feel guilty.
Biting the bullet, I'm aware you're still believing.

You got me bad
You got me good
You got me had
You got me hooked.
When it's me hanging by a moment that you snubbed
along the way.
You got me close and then you jumped.
My feet got cold and stole the fun.
And so I bite my lip and wear a smile, but won't regret I
don't stay a while.

You wanna think you got this bagged
And that I couldn't want you more.
But be aware when I'm not there, do you think you'll be
so sure? (do you think you'll be so sure?)
You think you'll be so sure?
Ohhhh.

You got me bad
You got me good
You got me had
You got me hooked.
When it's me hanging by a moment that you snubbed

along the way.
You got me close and then you jumped.
My feet got cold and stole the fun.
And so I bite my lip and wear a smile, but won't regret I
don't stay a while.

You got me good
You got me had
You got me hooked.
You got me hanging by a moment that you snubbed
along the way- you got, you got me.
And then you jumped, my feet got cold and stole all the
fun.
And so I bite my lip and wear a smile, but won't regret I
don't stay a while
