First we have the black ground posse in her clique
Then we have the funky second chapter in her clique
PA's in the house and yes you know they're in her clique
And all the project homies are down with the clique
Well now we have the double extra large in her clique
Plus we got the DA to the smahd in her clique
Then we have the down town possee in her clique
Peace to the hood 'cause ya down with her clique

So, if you're down with the clique
Let me hear you say
(Huh)

(I'm down with it)
If you're down with the clique
Let me hear you say
(Huh)
(I'm down with it)
If you're down with the clique
Let me hear you say
(Huh)
(I'm down with it)
If you're down with the clique
Let me hear you say
(Huh)
(I'm down with it)

If you're down with the clique
