Trina]

Did I approve for you to talk to me?

Motherfuckers like you, hell, I preach it to 'em

First hand I teach 'em no psychic, bitch

Hell I reach it to 'em

No bus no fuss dogg, no sucks in the Lex, dogg

Don't see no checks dogg, and stop beggin when it's
wet, dogg

But you could bet dogg

That you don't know no hoe that'll hide the work

Two clips inside the purse

Fuck me I'ma ride you first

fuck hard till the condom bursts, but umm...

I need my pussy Lee tight figero

White gold with the X and O's

You putas betta know Trina is a betta hoe

Oh you don't know?

When we hooked up

We sat down

Made an agreement

We vowed that

That we'd always be together

Through whatever

We said that no one would ever

Get between us

So love would never ever leave us

That was a while ago, oh

But now lately

It feels like

I mean like I feel like

All we do is fight

Every single night

Can't make it tight

Can't get it right

I just wanna go back

Take it way back

All the way back

Can we start again?

Do it over
Can we straighten it out?
Can we work it out?
Cause

1 - I don't wanna be
(Be without you, be without you)
I don't wanna live
(Live without you, live without you)
I don't wanna go
(Go without you, go without you)
I don't wanna be alone

Do you realize
I can't sleep without you
Think without you
Eat without you
Speak without you
Be without you, I can't even breathe without you
I can't feel without you, deal without you
Spend without you
My whole world is upside down
Don't wanna go out
Cause I can't ride without you
Feel like I'm gon' die without you
What is a girl supposed to do?
When I spend my last dime to be in your life
I don't wanna be without you

repeat 1 (2x)

How can we not see
That it's not working out
We vowed to be
Always together
It's hurting me
That we don't talk no more
It wasn't supposed to be this way
Where did we go wrong?
We both made mistakes
We gotta carry on

Repeat 1(4x)

I don't wanna be, no
(No, yeah, don't wanna be
