Yeahhh.... Mmmm-hmm..... Whoaaaa.... Ooh yea...

[1]

I don't wanna be...  
Be without you, be without you  
I don't wanna live...  
Live without you, live without you  
I don't wanna go...  
Go without you, go without you  
I don't wanna be alone

[2]

When we hooked up we sat down  
Made an agreement, we vowed that  
That we'd always be together through whatever  
We said that no one would ever get between us  
This love would never ever leave us  
That was a while ago  
But now lately it feels like  
I mean I feel like all we do is fight  
Every single night  
Can't make it tight, can't get it right  
I just wanna go back, take it way back  
All the way back, can we start again  
Do it over, can we straighten it out  
Can we work it out, cuz...

I don't wanna be...  
Be without you, be without you  
I don't wanna live...  
Live without you, live without you  
I don't wanna go...  
Go without you, go without you  
I don't wanna be alone

I don't wanna be...  
Be without you, be without you  
I don't wanna live...  
Live without you, live without you  
I don't wanna go...  
Go without you, go without you  
I don't wanna be alone

[3]

I can't sleep without you, think without you  
Eat without you, speak without you, be without you  
I can't even breathe without you...  
I can't feel with out you, deal without you, spend  
without you  
My whole world is upside down...  
Don't wanna go out cuz I can't ride without you  
Feelin like I'm gon' die without you  
What is a girl supposed to do?  
When I spend my last dime to be in your life  
I don't wanna be without you

I don't wanna be...  
Be without you, be without you  
I don't wanna live...  
Live without you, live without you  
I don't wanna go...  
Go without you, go without you  
I don't wanna be alone

I don't wanna be...  
Be without you, be without you  
I don't wanna live...  
Live without you, live without you  
I don't wanna go...  
Go without you, go without you  
I don't wanna be alone

How can this be (that it's not workin out)  
That it's not workin out  
We vowed to be always together  
It's hurting me that we don't talk no more  
It's not supposed to be this way  
Where did we go wrong  
We both made mistakes, but gotta carry on

I don't wanna be...  
Be without you, be without you  
I don't wanna live...  
Live without you, live without you  
I don't wanna go...  
Go without you, go without you  
I don't wanna be alone

Don't wanna live, no.... No.....
