Where you are or who you with
There is where you messed up

You keep on actin like
I really need a brother
Man I don't need a brother
Better get your act together
Can't keep on holden on waiten for you
And baby there is where you messed up.
You keep on actin like
I really need a brother
Man I don't need a brother
Better get your act together
Can't keep on holden on waiten for you
And baby there is where you messed up!

I don't need your money
No dinners,i've got jewlery

Your headin straight for the gate
Its time to cut my dead wait,it's you
And baby there is where you messed up
I heard it all a thousand times
You tried to mess with my mind,and you
And baby there is where you messed up

She don't need you dog
That's where you went wrong
Oh uh I don't need you dog
See there is where you messed up
She don't need you dog
That's where you went wr-wr-wrong
She don't need you dog
And there is where you messed up

Chorus:

(you keep on actin like)
You keep on actin like
I really need a brother (really need a brother)
Man I don't need a brother
Better get your act together
Can't keep on holdin on waiten for you (can't keep on
holdin on)
And baby there is where you messed up
You keep on actin like (like)
I really need a brother (I really need someone)
Better get your act together
Can't keep on holden on waiten for you
And baby there is where you messed up
