Never giving up on this love
(I'm never giving up on this love)
Never giving up you're all I'm thinking of
(Yeah)

Sitting here, there's something wrong
Thinking 'bout you baby
Thinking 'bout all the changes
We've been through, oh

And I know it might sound crazy
But I'm still loving you
In spite of all the simple things
We've been through, we've been through oh

The way you make me feel I can't explain
But I love what you do, what you do to me
When we're making love you're driving me insane
See I can't go no higher, no

Never giving up on this love
(Hey, oh)
Never giving up you're all I'm thinking of
(You're always on my mind all the time)

Never giving up on this love
(I'll always be there baby)
Never giving up you're all I'm thinking of

Well, well, well
Felt so strange when I was on the train
I cracked a smile on every thought of you
The things that you do
Makes me feel so good inside

No need to lie I'm on your side
Ooh no, need to lie to you
I'm giving my loving to you day and night
Aaliyah, I'm gonna be loving you, oh, oh baby girl

I got what you want, I got what you need
It's all in me, oh no, oh no

Never giving your love away
I gotta keep it to myself, no

Tavarius, if you say what you mean and you mean what
you say
My love, my love will be here always
Lately I've had the strangest feelin', a feelin' I can't
deny
That angels are watching over us and our love

Angels watching over you, over me
(Baby)
Angels watching over you, over me
(Over you and me hey)

Angels watching over you, over me
(I know they are watching over you and me baby)
Angels watching over you, over me
(Oh, and I gotta thank the Lord for giving you to me)
(Yes I do, yes I do)

Never giving up on this love
Never giving up you're all I'm thinking of
(See they can take my prize possessions baby)

Never giving up on this love
Never giving up you're all I'm thinking of
(I said, I'm never going nowhere)

Never giving up on this love
(Nowhere, nowhere, nowhere)
Never giving up you're all I'm thinking of
(No, no, no)

Never giving up on this love
