ACAPELLA:

Ah - ha, let me know, let me know

Let me know

VERSE 1:

When I feel what I feel

Sometimes it's hard to tell you so

You may not be in the mood to learn what you think you know

There are times when I find
you wanna keep yourself from me

When I don't have the strength; I'm just a mirror of
what I see

CHORUS:

But at your best you are love

You're a positive motivating force within my life

Should you ever feel the need to wonder why

Let me know, let me know. . .

VERSE 2:

When you feel what you feel

Oh, how hard for me to understand

So many things have taken place before this love affair
began

But when you feel, boy, like I feel

Confusion can give way to doubt

And there are times when I fall short of what I say,
what I say I'm all about, all about

CHORUS

BRIDGE:

Tell me what it is (Tell me what it is)

Make believe, no need to make believe

Look beyond your own (Look beyond your own)

Try and find another place for me

Cause. . .

CHORUS

let me know, let me know, let me know

Ah, ah, ah - ha

See, at your best baby
