Ohh oh, ohh oh, ohh oh, oh [Chorus - Jesse McCartney]
It's been about a year now Ain't seen or heard from you
I been missin you crazy How do you, how do you sleep?
I found the letter you wrote me It still smells just like
you Damn those sweet memories How do you, how do
you sleep? (how do you sleep?) [Verse 1 - Jesse
McCartney] Tried my best at movin on, have yet to find
a girl like you See things now I didn't before, now
wishin I had more time with you How do you stay
awake, knowin all I do is think of you? All the things we
thought about, then never will have done happen again
If I could just see you [Break - Jesse McCartney] If I had
my way we would get you girl in your favorite car with
the missing top Remember 'round my way where we
used to park And did all those things to steal your heart
[Chorus] [Verse 2 - Jesse McCartney] Baby all that I
hear from my friends again, again and again, come
and ask 'bout you They say "We saw your girl at the
game and damn we got to say a big mistake by you"
Not only does your body bang but I miss the
conversation too Tell me that you're gettin no sleep,
can't think, can't eat, 'til I come see you [Break]
[Chorus] [Verse 3 - Ludacris] Look, now it's been about
a year and I'm tryin to figure out, how could ya? Forget
about who loves you the most, why would ya? Heal my
heart (heart), heal my brain (brain) Oh how I wish you
could feel my pain 'Cause I couldn't get you off my
mind if I tried (hey) Twenty-four seven, (three six five)
And my nights so cold (cold), days so long (long) They
say you don't know what you got 'til it's gone Well it's
gone and I'm trippin how much I miss it And you steady
walkin 'round like I never existed And it's hard to
understand (hey), you got another plan (hey) Tryin to
play harder, you got another man But you'll never find
another like moi (moi) That have you ridin round in a
drop top car (car) Baby you a star and it's time that you
know it So much love and it's time that we show it
(LUDA!) [Chorus] Ohh oh, ohh oh, ohh oh, oh [Chorus] -
w/ ad libs Ohh oh, ohh oh, ohh oh, oh
