Jessica:

there are times

i swear i know your here

when i forget about my fears

feeling you my dear

watching over me

my hopes seek

what the future will bring

when you wrap me in your wings

and take me...

chorus:

where you are

where you and i will be together

once again

we'll be dancing in the moonlight

just like we used to do

and you'll be smiling back at me

only then will i be free

when i can be, where you are

nick:

and i can see your face

your kiss i still can taste

not a memory erased

jessica:

oh how i see your star

shining down on me

and i do anything

(together) if i can just..be right there..

repeat chorus

where you are

where you and i will be together

once again

we'll be dancing in the moonlight

just like we used to do

and you'll be smiling back at me

(and you'll be smiling back at me)

only then will i be free

then i will be free

so take me where you are

nick:

now baby there are times when selfishly

im wishing that you were here with me

so i can wipe the tears from your eyes

and make you see

everynight while you are dreaming

im here to guard you from our fall

(together)and anytime i feel alone

i close my eyes and dream of...

repeat chorus

where you are

where you and i will be together

(and we will be together baby)

once again

we'll be dancing in the moonlight

(we'll be dancing in the moonlight)

just like we used to do

and you'll be smiling back at me

(and you'll be smiling back at me)

only then will i be free

then i will be free

(together) baby i still believe

oh i got to believe

(i still believe)

i will touch you that sweet day

(that sweet day)

that you take me there

where you are

i still believe

oh i got to believe

(i still believe)

i will touch you that sweet day

(that sweet day)

that you take me there

where you are

oh oh where you are

i still believe...fade

then i will be free

so take me where you are
