Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Tonight is the night
I'm feelin' all right
I smell a party
I'm callin' my boys to come roll with me
Oooh
End of the week
Word on the street
The strip is crawling
With honeys that can't get enough of me

There is something in the air
Come with me we can go anywhere
Ooooh

Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Loose track of time
It's gonna fly
Baby don't have no worries
Cause there ain't no better place to be

Nooo
It's after midnight
Everything's going right
You're the only one for me
I'm your only invitation to the afterparty

There is something in the air
Just take my hand we can go anywhere
Oooh oooh

Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Bump bump
Chicka chick
Bump bump
Find some music 'cause i'm crusing in my truck yo
With my peoples and i'm doing what i want
(what i want)
Have a party and get up in the stuff (woo)
It's a saturday night matter of fact it's a party day
Got no worries so party like it's a holiday
Hey hey
Yo we gotta go
Hey babe
Whatcha say?
(break down)

Everywhere we go it's on saturday night
Yeah
We will party all night long
Saturday night
Yeah
Oooh
Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Everywhere i go somebody i know
Wants to come and kick it with me

(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)

Everywhere i go somebody i know
Wants to come and kick it with me
(hey)
Saturday night and we're gonna have a party
(it's a party ya'll)
