I remember the day we met
Almost like a fairy tale
Kinda like Romeo and Juliet
I never gonna forget
Now my knees went weak
When you said "hi"
And then you held my hand
And look me in the eye
I almost died, deep inside
There's so much love
That I don't understand
That I never learned myself
I wanna do what you want me to do
I want you and no one else
Tell me how to make you smile (tell me how)
Tell me how to love you, baby girl
I want you to tell me how (how)
Tell me how to make you smile (tell me) [3x]
I heard about how wonderful love can be
But in my mind I never could have dreamed
Such a fantasy
Maybe it's destiny
I share myself with you in a special way
I'm not a little boy
I never gonna leave you
And I'm gonna say
That everything is okay

There's so much love
That I don't understand
That I never learned myself
I wanna do what you want me to do
I want you and no one else
Tell me how to make you smile (tell me how)
Tell me how to love you, baby girl
I want you to tell me how (how)
Tell me how to make you smile (tell me) [3x]
Tell me how to make you smile (tell me) [3x]
Tell me how to make you smile (tell me how)
Tell me how to love you, baby girl
I want you to tell me how (how)
Tell me how to make you smile (tell me) [3x]

Tell me how to make you smile (tell me) [3x]
Tell me how to make you smile (tell me) [3x]
Tell me how to make you smile (tell me) [3x]
Tell me how to make you smile (tell me) [3x]
Tell me how to make you smile.
