## Man with a mission ''Emotions''

Visit "Emotions" on MotoLyrics.com

Without the light in dark But I feel the deepest emotions Throughout the fight with mind I don't care about the lapse

Believe your voice and smiles I'll be going there with my motion Blow out the feeling dead I don't care about the past

Killing the emotion of mine and I just use my mind Forget my life Apathy, impassivity and indifference of all the cautions to my life

You were alive and said We're the ones who changes the world we know by our hands You'd always saved, rescued and loved your neighbors as yourself

Come and see just call my name å¤ç‹¬ã «å^¥ã,Œã,'手ã,'åºfã 'é«~ã 空ã ¸å «ã ¶

Believe your voice and smiles I'll be going there to live Nothing but the emotions in motion

Sailing the emotion of mine I go paint it black again and again Scared by all the things I face and the future that just leads to the white world's end

> But you just took my hand And you took me all above

We're the ones who changes the world I close my eyes and urge myself to determine my faith
