Bring it on down I'm used to being numb  
The sense of incongruity I guess I'm just dumb  
Now keep it on forever calculating every sum  
Cause that's all what you ever do  
You'll never make me cum

What did it mean? Would we ever really realize?  
I hope it ends when it's over being mesmerized  
Bring it on down I'm proud of being dumb  
The calling just refrains again come on come on come on

"Cherish your life"he said with all the might,  
but himself doesn't understand  
why he's really here for  
Pick up your shoes it's time to choose  
You heard enough about it and you know that it is coming more

What did it mean? Would we ever fuckin'realize?  
I hope it ends when we're over being mesmerized  
Bring it on down We're proud of being dumb  
The calling now refrains again come on come on come on
