On the seaside falls the rain
It washes all my tears away
It fills the ocean up again
It's pouring in my heart today
The hour grows late. Now, the world is mine
The rain has begun - over a deep blue sea
Am I still so innocent, a boy inside a man
Still searching for the final vision in every grain of sand

Calling my name from beyond
"Pray to your god - wait for delight"

I am like the prince who rode through the badlands of
fairy-tales
Searching for the visions I once dreamt about

Calling my name from beyond
"Pray to your god - wait for delight"

Hey - fall angel fall from your holy wall
You don't belong in y world at all
Fall on the seaside, fall like the rain
The tears - the dreams - the faith
Hey - fall angel fall from your holy wall
You don't belong in my world at all
Fall on the seaside, fall like the rain
The tears - the dreams - the faith

All the years turn into ages, many adventures I pass
through [give no
Result - and I hear you calling]
I'm searching for me in you, the truth... in shadows
from heaven

Calling my name from beyond
"Pray to your god - wait for delight"

Hey - fall angel fall from your holy wall
You don't belong in y world at all
Fall on the seaside, fall like the rain
The tears - the dreams - the faith

Hey - fall angel fall from your holy wall
You don't belong in my world at all
Fall on the seaside, fall like the rain
The tears - the dreams - the faith...
