I didn't change my name for good luck it just happened to be mine
Didn't ask for any reason or any of your time
I don't need your advertising I don't seek for diamond eyes
I don't fit in your perfection, I don't fit into your lie

But to you my darling, for you I would truly sing
For you crazy babe I would do just anything
Just to get close to you

The other night you made me dance but now I act insane
I try to find reason and I try not to be strange
And I think that is funny, 'cause i'm nowhere near like you
You made of me a villain oh but maybe that's more true

And I'm searching for my pride again
As I'm hunting for your eyes again
But you're nowhere to be found tonight
Still I wait in every morning light
So until that day is mine

Is it me the one who is out of sight or am I running out of time
Do you want to see me present yet to guard you through the night
Is your vision to be save and told that everything's alright
When the whole god damn world knows about the danger of this tide
Well then I would come back for you, yes I would come back for you
Knowing you would walk away, knowing you would walk away
So until that day is mine

Then you might not will remember me or act like you're surprised
When everyone's surrounding you, but darling that don't mind
Just turn around and look at me when you pass me in the aisle
I'd still hold a thousand doors for you just to talk to you so I
could get close to you
And why won't you see me through
Knowing I would never leave
Knowing I would never leave

So until that day is mine

Darling I would wait for you, I would wait for you, I would wait for you

And why won't you see me through, I would wait for you

Darling, I would wait for you

My love, my love

Why won't you see me through

Darling I would wait for you
