#### [Verse 1]

All of the girls in here,  
All of the light.  
Suppose to make it better,  
But still we ant together  
All of the clubin,  
Every night,  
Suppose to ease this pain,  
I guess it dont work that way,  
Cause every girl in here i meet  
mmmhh  
Will never get close to,  
MY HEART  
And evey girl i see,  
mmmhh  
Ant got nothing on you baby,  
Now put it on that im Dedicated

#### [Pre-Chorus]

Cause i wanna Love you,  
I wanna touch you  
I wanna hold you all night  
I wanna be there right when the sun come up  
and the sky feeling so right,  
I wanna kiss you,  
Baby i miss you,  
Up in this club girl i cant lie,  
With out you im faded  
LETS STAY DEDICATED

#### [Chorus]

X2-Girl I wont give up on love,  
Wont give up on this loving baby,  
Now put it on that im Dedicated

#### [Verse 2]

All of the girls in here,  
All on the floor  
Suppose to ease my mind,  
But it just dont feel right,  
All of these people,

I dont even know  
Is making it hard to breath  
I need you next to me,  
Cause every girl in here i meet  
mmmhh  
Will never get close to,  
MY HEART  
And evey girl i see,  
mmmhh  
Ant got nothing on you baby,  
Now put it on that im Dedicated

[Pre-Chorus]  
Cause i wanna Love you,  
I wanna touch you  
I wanna hold you all night  
I wanna be there right when the sun come up  
and the sky feeling so right,  
I wanna kiss you,  
Baby i miss you,  
Up in this club girl i cant lie,  
With out you im faded  
LETS STAY DEDICATED

[Chorus]  
X4-Girl I wont give up on love,  
Wont give up on this loving baby,  
Now put it on that im Dedicated
