Um-hm, um-hm, yeahh... [Joss Stone - Verse 1ne]
Nothing in this world, got me like you do baby I'd give
up my soul, if I could sing with you daily I'm not the only
girl, in love with you, it's crazy I appreciate your
groove, now I know I owe everything to you [Chorus]
Music - I'm so in love with my Music - the way you keep
me Movin - Ain't nobody doing what you're Doing,
Doing, doing So bring me back to the day when tape
decks press play DJ drop the needle 'til the record just
break You are my sunlight, you are the one mic That
sounds so sweeter 'cause the beat just inspires me, oh
[Joss Stone - Verse 2wo] No limit to your mind, your
endless love is open To every race and kind, could it be
your blood runs golden? Baby, If This World Were Mine
We would be singing in the Key of Life When you're
gone I can't survive 'Cause I just can't be without my...
[Chorus] [Lauryn Hill - Rap Verse] Colors of sounds,
scales of beauty Audio scenery, electric love, and
rhythmic symmetry Written in memory, beautifully
crafted scenery Complex or simplicity, sonic energy
Piercing insensitivity Sympathetic poetry, for some
even identity Collective entity, something to belong to
A source of energy, the possibilities Wave lengths and
bandwidths Higher vibration, energizing entire lands
with Something to stand with or stand for.. Lovers to
walk hand and hand with, then plan for Sanctuary
chords, harmony, melodies even riffs can be Disguised
human essence sonically bottled ecstasy or
melancholy Agony blues angst, exercising anxieties
Fueling entire societies, making economies Stimulating
generating, inspiration synonymously Entertaining
expression, intangible invisible but undeniable Plays
the language of excitement on surv-i-val Some call it tr-
i-bal, but perspective is everything Connected to
everything, some say collectively everything [Chorus
