Another cheap high rise hotel room.
Another place another show.
Another meaningless destination with no where to go.
Another time to say I love you.
Another time to say goodnight.
Another time to hear a dial tone.
Cause no one wants to fight.
Why should we fight..?

Cause I see it in your eyes,
Is the sparkle gone forever?
Don't say forever...
I can feel it when we touch,
Is the fire out forever?
Don't say forever...

Another time to miss a birthday.
Another time to miss my flight.
I've missed so much that I don't know what I have and
what I thought I might.
What I might...

Cause I see it in your eyes,
Is the sparkle gone forever?
Don't say forever...
I can feel it when we touch,
Is the fire out forever?
Don't say forever...

Now I'm lying beside you,
A stranger in your arms.
We drift apart together and come back like a storm.
Like a storm...

Another show up in Decatur,
Another one in San Antone,
Somewhere else in this equator takes me far away
from home.
I'm coming home...

I can see it your eyes,
The sparkle shines forever,

Cause this is forever...
And I can feel it when we touch,
The fire burns forever,
Cause this is forever...
