Come on! God show me the way now the devil can't
break me down Jesus walk with me [Verse One: Kanye]
Between the girls and the jewelry The devil trying to
lure me A view of me (Jesus walks with me) My pastor
shaking his head He ain't sure of me But surely (Jesus
walks with me) Then he asks, "Do you say your prayers
at least two a week?" I ain't talking to God I know what
I've been doing G Do you know how I be embarrassed?
My friends sound like Ben Stiller's on Meet the Parents
And I ain't good with that Give us our day" The slaves
was trying to give us our free I'm trying to give us "us
pay" Now you know how them strippers was We was all
ghetto-fabulous all at the rooms at the Sybaris From
this Jacuzzi water can you cleanse us? Can you please
unfog my Cartier lenses? God sends signs sometimes
only in glimpses For me I almost died, falling asleep in
them Benzes There's something about this beat that
get me tranquilized And when I play it at my shows I
feel sanctified And He gives me direction when I can't
decide He is alive! How can you tell me he ain't when I,
said... [Chorus] (Jesus Walks) God show me the way
now the devil can't break me down (Jesus Walks) The
only thing I pray is that my feet don't fail me now (Jesus
Walks) And Now I think there's something I can say now
that will right my wrongs (Jesus Walks) I finally talked to
God and I ain't afraid cause his love is so strong [Verse
Two: Common] Open your eyes The smoke in the skys
The beast is tokin' the lies Everywhere we move,
motion's denied Emotions deride from potions of pride
Of African, cultures and tribes Who livin' when we
supposed to have died We laugh when we supposed to
have cried Of pain we holdin' inside Cause all we really
know is survive Use that to remember we kings That's
why we so addicted to diamonds and rings And Cutlass
Supremes Seen Diana Ross and remembered that my
sister's is queens The Lord is comin' But now he visit in
dreams With every Mission it seems Impossible Spit the
gospel to remind me what God can do When it's not
logical To those in hospitals and prisons Low income
livin' For them I say a prayer, keep givin' Learnin' to
receive My heart is burnin' to achieve Even when it's

hard to breath I still believe that... [Chorus] [Verse
Three: Ma\$e] Before you take me name, take my fame
Why you had to take my shame, take my flaws, take my
blame Feel my dirt, conceal my hurt, See my bruise,
and this you walk in my shoes You weren't there when I
was in deep thought When I had two choice, kill him or
either leave New York But I'm a truth tella and that's
why I say what I'm sayin' And the only thing the radio
playin' is cause you be payin' It ain't about who really
hot no more Beats would knock no more So who cares
who flop no more I realize that most labels pay you for
lies And all that blood do is gain disguise That you're
favorite artist shhhh I know you hear that huh you
wanna fear that what Your worst dream is that you was
gonna hear that Kan the rap slash John the Baptist
Prepare the way for what I came to say today They
deceived us, had us thinking Jesus really didn't need
us When he loved up all you He loved them boys in
hallway up in Broadway Even those who meet him for
dope every four days To the strippers in broad day up
in Norway To the Detroit player Gators in Moreys With
me its not just bars and music I walk with God I have
the scars to prove it [Chorus] "Father I thank you, for
forgiving me, for everything I ever done, for Jesus
walking with me, for dying for me raising for me, and
all my sins have been forgiven I'm a changed man, I'm
healed I'm delivered I'm rich and It's all because of
him" Now Walk with me, Walk with me,Wha Wha Walk
with me Walk with me
