Boy I wonder what would happen
If I trip and let you in
Don't get shook my my aggression
I just might be the one
Lets skip this conversation
Just whine your body up

Ha ha ha
Don't wanna wait no more
Ha ha ha
You got what I'm searching for

Cause I'm feeling your vibing
Im riding high is exotic
And I want you, I want you here
Pull me closer and closer and hold me tight to your
body
I wanna feel you, I wanna feel you near
