DUNCAN JAMES & KEEDIE LYRICS

I Believe My Heart

Whenever i see your face, the world dissappears,  
All in a single glance of, revealing,  
You smile and i feel as though, ive known you for  
years,  
How do i know to trust what im feeling.

I believe my heart, what else can i do,  
When every part of every thought leads me straight to  
you,  
I believe my heart, theres no other choice,  
For now whenever my heart speaks, i can only hear  
your voice.

A lifetime before we met, has faded away,  
How did i live a moment without you,  
You dont have to speak at all, i know what you'd say,  
And i know every secret about you.

I believe my heart, it believes in you,  
Its telling me that what i see is completely true,  
I believe my heart, how can it be wrong,  
It says that what i feel for you i will feel my whole life  
long.

I believe my heart, it believes in you,  
Its telling me that what i see is completely true,  
And with all my soul i believe my heart,  
The portrait that it paints of you, is a perfect work of  
art.
