When it's over we all wanna be  
Among the victims an' refugees  
We make a case for sympathy  
When mercy is what we need

Chorus

I will not forget what you've done  
Took the blame when I was the guilty one  
Covered me

Now the sun has come and the weight is gone away  
If the mountains fall into the sea  
Be my Savior rescue me  
When justice becomes my enemy  
It's hard to swallow how much we need

Chorus

Bridge:

Let me hide inside your skin  
Where I'll never be condemned

Chorus
