[Chorus - 8X] Got her toes done up With her finger  
nails matchin' [Verse One: Kid Sister] Shake it up up  
Rock your body and Make it knock knock When you're  
partyin' Take a break break In the audience Do your  
footwork break And stop again I'm lookin sharp You  
can't compete With a champ Steady flickin' I'm holdin  
down That ? Aye, rhinestones All in they face Gold  
charms And paper chase Talk smack From around the  
way Gotta put These chicken heads In they place I ain't  
rockin' No stupid bapes Ain't trippin' I'll juke all day I  
ain't slippin' Cause either way When I hit the block All  
the people say [Chorus] [Verse Two: Kanye West] Aye,  
yo this mutherfuckas jammin' I'm on it it's an anthem  
Who is that in the Phantom? Please no cameras They  
gone have me On Concrete Loop in my pajamas To  
hide the goods I would need pants Big as Hammers I  
be tippin' them dancers They be sayin' I'm handsome I  
was pretty before the dough But now I'm just the man  
You remind me of my old chick On that eighty four shit  
Oh shit Did you see the way She got her toes did?  
[Chorus] [Verse Three: Kid Sister] Girls be So thirsty  
thirsty Fast forward To the end of my song And say  
third Verse me, verse me Whenever I hit block I see  
Tricks try To rehearse me hearse me From manicure  
Sets to silky weaves They be So grimy, nasty, bogus  
Jermy, dirty Uh, oh Shol did You ain't slick Naw, let the  
pioneer Blast my ass Wait a minute Hold up Bubble  
letters On my butt say "fresh" Oops I'ma go Nails like  
whoa Acrylic base Top all gold Colors on my nails To  
the paint on my toes Stay fresh I'm accustomed to gold  
[Chorus]
