[KRS-One]

KRS, Wild Style'n today
I stay controversial like Guantanamo Bay
My society is secret, sort of like the boulet
I'm not a average MC, I don't say what they say
I don't play what they play; I'm the type to find the needle
at the bottom of hay, that's why I'm rockin today
Often they say "No way!" Until I say
Da-da-da-day and the crowd go HEY~!!
From the time I stepped in the game
Kris been clear 'bout his rep and his name
I don't tolerate disrespect to my name
To uplift my people that's the reason I came
If you believe in peace then we believe in the same
If you believe in war I got that tec for your brain
If you think I'm a whore man you must be insane
I'm war in reverse like Big Daddy Kane - RAW!!!

Who knew? 20 years after Scott

Marley Marl would pass the rock

And I'd dribble it, dribble it, livin it

Nibble it a little bit before I enter the club and start killin it

K-R-R-R, S-wah-wah-One
