[KRS-One]

Yeah!! Uh-huh

Use your real eyes to realize these real lies

Yo Marley, let's hit 'em, word up

I don't know why these cats tryin to front

Marley Marl on the musika, KRS on dem lyrics da

On the side I teach meta-ta-ta-physica, Kris is a

master MC, challenge he, no nigga nah

Let me get this-a, clear like vinegar

Kris is the hood of America

I stay ahead of ya, what I spit will better ya

Retire? Me? No, never, nah

Way too clever for cats that want me to sever this
endeavor

I'm like whatever, hah~!

The opposite of a lie, many tried to get with this guy

But only the best can spit with this guy

It's the teacher, go on and give him a try

I take you all the way back to ba-da-bad-ba-ba-bi

Stay fly, without the flashyness my

jewels is the gift that I apply; so I ask why

These Kentucky Fried Chicken DJ's promotin breast and
thighs

Marley Marl test these guys

It takes real eyes to realize these real lies

[Chorus: repeat 2X]

Oye repeta mietro{?} couldn't no sabe {?}

This for the hood, for the ghetto

Do the math loc or get goin

Huh, 'bout that cuenta

[Magic Juan]

How can I get in the front if I ain't gettin in front

That's why I spit what I want and slide credit to pun

Lies spread it to none, rely on heaven and funds

A two-faced nigga's what I'll never become

Used to be a 5%er; now I see my rhymes get applied
to a track with two live nayendas

Marley, KRS (yes) cono dude well that makes it tres

Make a tape, no crosshairs, my aim is great
This ain't the top 8 at 8, it's Hip-Hop 88
When it wasn't all about guap' in a baby face
Back then {?} luni {?} will see
How all them entiendo porque {?} a mi
Soy un free ya boy, hundred percent loco see the toys
Can't win on the streets dog you need a lawyer
Use your real eyes and realize
That real lies are upon us and stop gettin cornered

[Chorus]

[KRS-One]

Mira! Mira! The teacher
Mira! See the teacher, he a come tina rap eater
The teacher, a specialist speaker
To stand next to the leader you must be next to BE
leader
We free and we strive to be freer
The one that helps you to become a better you, that's
your teacher
Through these lyrics I reach ya
The truth speaker, roof reacher, proofreader, meaner
no one
We chosen, lyric shogun
Young gun turned old gun
Challenge me? No son
Use your real eyes to realize these real lies

[Chorus]
