Since the day u were born
The beginning
U were told how to do things
U don't think what u feel
Or say what u think
U don't feel u say
To love and maybe to blink
Society couldn't take them away...

chorus:When the last time it's the first
It's the first when the last time it's the first
We've concluded to late
In this matter
But we act like before
We can make it so real
Eat all the crap
We don't feel what we say
To love and maybe to blink
Society couldn't take them away...
