"Different Horizons"

Visit "[Different Horizons](#)" on MotoLyrics.com

Different horizons, understanding well
Opened minds in crisis
Every now and then...
Trusting will fulfill you
There is room for two
Ask me not for nothing
Things that I wouldn't do
chorus: Here you come,
Here you're over me
Like a friend, like my friend
Opposite reactions fueling up the hell
Making analyses every now and then
Talents will creat you
From the best of you
Fight for your nature
Love the things you do
chorus:
I love you, I'll love you, I love you well
