All my love is all I have  
And my dreams are Very Special  
All my life I've looked for you  
And today my dreams come true  
You need me and I need you  
Love and us is Very Special  
Things you seem to do divine  
You looked straight into my eyes  
I know our love is meant to be  
Cause our souls touched tenderly  
Love and life and life is loving, it's Very Special

In my heart it was you, only  
Love is life, what dreams come true  
And even though i can't have you, baby  
Desires like these are true for you  
Hold my hand and take my life  
Through these days I venture through  
Once my love was truely great  
And my life was sewed together  
A change in life can bring good things  
When you're here with love so supreme  
Close to you, our lips should meet  
To remember our days so sweet  
I need you and you need me, Very Special  
Our love is joyous, yeah, we can make it

In my heart it was you, only  
Love is life, what dreams come true  
And even though i can't have you, baby  
Desires like these are true for you  
All my love is all i have  
And my dreams are very Special  
All my life I've looked for you  
And today my dreams come true  
You need me and I need you  
Love and us is Very Special  
Things you seem to do divine  
You looked straight into my eyes  
I know our love was meant to be  
Cause our souls touched tenderly

Love is life and life is loving, Very Special

Boy ohh yea

Being your love excited me, baby  
Days full of joy, love to me  
Can't keep this feeling inside, deary  
Cause a girl like me has dreams inside  
All my love is all i have  
And mt dreams are Very Special  
All my life I've looked for you  
And today my dreams come true  
You need me and i need you  
Love and us is Very Special  
Things you seem to do divine
